lifesaver

LIFESAVER MOBILE RATE CARD

Per-driver subscription tiers with flexible monthly or annual billing options. Pricing scales with fleet size.

LifeSaver Mobile helps fleets reduce mobile-phone distraction by managing phone use at a Mobile Device Management (MDM) level. The solution runs seamlessly in the background, helping drivers stay focused while providing fleet managers with visibility and control.
Our pricing is structured on a per-driver subscription model, with lower per-driver rates available as fleet size increases. Fleets can choose between monthly or annual billing options.

Pricing Overview (per driver)

Pricing is based on the number of drivers using LifeSaver Mobile within your fleet. Rates apply across both New Zealand and Australia, with currency shown accordingly.

Fleet Size	0–100 Drivers	100–500 Drivers	500+ Drivers
Monthly – AUD	$15	$13	$10
Annual – AUD	$170	$145	$110
Monthly – NZD	$17	$15	$11
Annual – NZD	$192	$164	$124

- **Set-up fee:** A one-off onboarding and configuration fee of $2,950 applies.
- **Licence packs:** Additional licences can be purchased for new drivers or fleet expansion (minimum 5-licence pack).
- **Licence allocation:** Licences are assigned to drivers and cannot be transferred between users.
- **Future bundle options:** LifeSaver Mobile may also be bundled with AutoSense Guardian and AutoSense Vision solutions as part of integrated fleet safety programmes.
- **Launch pricing:** Current pricing reflects soft-launch rates.
